Sir:

I have been having a hard time trying to contact you. So I am sending you updated reports that I have. Dr. Papazoglou and Dr. Bernaiche both feel an MRI to my right shoulder should be done along with an EMG. Workman's Comp has denied these procedures.

I have started to receive Violence Pay from the hospital, because injury was caused by violence as opposed to accidental. I just want to be sure I am entitled to this money.

I have seen Pat Joyce OT once and we are waiting to see if Workman's Comp will cover her services. Please contact me at your convenience to let me know where I stand at this point. If you have any questions, please call at 413 527 5243.

Sincerely,

Elizabeth Hanchett
